

DIGITALL S10: The Original Dye Sub with Tack

DIGITALL S10 was developed in an extensive and comprehensive collaboration between end-users and OEM printers in the sublimation industry. The launch of **DIGITALL S10** in 2004 marked the beginning of a new era in dye sublimation paper, featuring industry-leading innovations:

EXCELLENT DRY TIME

FANTASTIC COLOR AND
TRANSFER RESOLUTION

TACK ELIMINATES
GHOSTING

APPROVED FOR HIGH
SPEED PRINTERS

HIGH INK LOAD
AND SATURATION

LOWERED INK
CONSUMPTION

NO BUCKLING OR
WET COCKLING

OVERALL COST SAVINGS
